Health declaration and self-assessment for students who may have specific learning support, medical or welfare requirements.

We are committed to making sure that MLS offers a happy and successful experience for all of our clients. Where a student has a particular learning support need, we will do our best to put measures in place to assist the learning experience at MLS. We ask that all students who have declared their specific learning, medical or welfare need complete our self-assessment form, which will assist us in understanding what support the College may provide.

MLS is not a specialist learning support unit and where self-assessment reveals that the level of support required by an individual cannot practically be delivered at MLS, we will advise you accordingly and this may result in an admissions rejection.

We will treat what you have told us here sensitively. None of the information will be shared beyond the staff base of the College without your consent. If you need help to fill in this questionnaire please let us know.
