

MLS News and Blog

MLS College was the proud winner of the Education Award in the Bournemouth Tourism Awards 2017, which we all enjoyed celebrating with our students.

In 2018 the awards have expanded to include all BH Postcodes, an area which extends to Poole and beyond. Last week the semi-finalists were announced and MLS are delighted to be in the final 10.

The Education Award category 'recognises individuals and organisations who have demonstrated excellence working, studying or supplying the education sector'. In 2017 MLS welcomed students and business people from 52 different countries right into the centre of Bournemouth. Whether these students are preparing for university study, working towards a professional or English language exam or are simply here to improve their confidence in English, they are all part of the MLS community and this is what gives the college such heart.

MLS is pleased to promote Bournemouth and the surrounding area, which is a truly outstanding location of natural beauty offering wonderful opportunities for leisure activities and tourism. We are delighted to be involved in the BAPTAS.
