

MLS News and Blog

Cristiane from Brazil studied at MLS 20 years ago. We were delighted that she came to visit us with her family. This is what Cristiane had to say:

"Twenty years ago I had a chance of studying at MLS for almost a year. While taking their Marketing, Public Relations, Advertising and Business English courses, the wonderful teachers at MLS prepared me well for all the exams I successfully took and passed. The amazing experience I got during that year, the knowledge acquired, and all the friends for life I made while attending classes at MLS have changed my life forever. I still keep in touch with at least 15 of the students and friends I made and we always talk about the time we spent together in Bournemouth. We also had a chance to travel to many different cities in England on the weekends, learning a little more about the local culture and history of the country. All the knowledge I got while studying there was very useful for my career these past twenty years, allowing me to get better jobs and get into a great University for my Masters Degree in the US, where I have been living for the past 6.5 years.

This winter break, I had the enormous pleasure of meeting Mark Henwood again, who kindly opened the doors of MLS for us, so I could show my family the school I had studied at 20 years ago. Walking through brought me amazing memories from that time and made me very emotional. A year in my life I will never forget! Thank you Mark and MLS for this opportunity!
